## NEW HAMPSHIRE.

1891

1. The first part of the document is a list of names and dates, which appears to be a record of some kind. The names are written in a cursive script, and the dates are in a more formal, printed style. The list is organized into two columns, with names on the left and dates on the right.

2. The second part of the document is a series of handwritten notes or entries. These are written in a cursive script and are organized into a list format. The notes appear to be related to the names and dates in the first part, possibly providing additional information or commentary.

3. The third part of the document is a series of handwritten notes or entries, similar to the second part. These are also written in a cursive script and are organized into a list format. The notes appear to be related to the names and dates in the first part, possibly providing additional information or commentary.

4. The fourth part of the document is a series of handwritten notes or entries, similar to the second and third parts. These are also written in a cursive script and are organized into a list format. The notes appear to be related to the names and dates in the first part, possibly providing additional information or commentary.

5. The fifth part of the document is a series of handwritten notes or entries, similar to the second, third, and fourth parts. These are also written in a cursive script and are organized into a list format.
